

EFT® Quick Guide

- Urine LH surge = cycle day 13; ovulation and the first FULL day of P = cycle day 14.
- Always perform at least a cycle day 24 biopsy. If doing a mock cycle, try to also do a day 15 biopsy.
- If repeating the EFT®, please contact the lab or Dr. Kliman for customized instructions.
- Perform a standard endometrial biopsy (Pipelle, Milex Uterine Explora Model I Curette, etc.).
*****Cut tip of Pipelle or curette off before ejecting tissue into 10% neutral buffered formalin*****
- Fill out **and sign** the *Request for Endometrial Function Test® (EFT®)* form. Include a money order or cashier's check for **\$595** made payable to **Yale University**. Visa and MC are now also accepted. Please note that we will not be able to process any EFTs without both payment and **patient signed HIPAA and EFT Request** forms.
- **Ship to:**

Harvey J. Kliman, M.D., Ph.D. Yale University School of Medicine Department of Obstetrics and Gynecology 310 Cedar Street, FMB 225 New Haven, CT 06510	<ul style="list-style-type: none">• Please only send biopsies Monday through Thursday via FedEx Priority Overnight• Refrigerate biopsies in fixative prior to shipping• Ship samples at room temperature
